

Bordoodle Waiting List

If we do not have any available puppies at the time you are looking, you can be added to our waiting list for a \$250 retainer. This retainer is non-refundable and will be put towards the puppy deposit and the final price of your puppy. The retainer secures your place in line for a future puppy and gives you a pick from the puppies we make available.

Once we make it known to you our female/s are in heat season, you must respond within 48-hours of our email or text message being sent to you at the information you provide herein, otherwise we will move on to the next person on our waiting list. At this time the Puppy Deposit Form and Purchase Agreement will need to be completed. The puppy deposit balance of \$250 is also due at this time to reserve your future puppy. Such forms are all electronically form-filled, and are available on our website under Bordoodle F1 and/or Bordoodle F1b.

Turk Family Farm, LLC accepts major credit cards for the Waiting List retainer. After submission of this form, you can expect to receive further instructions and an invoice you can pay on-line through Square Credit Card Processing services.

Upon receipt of this Waiting List form and \$250 retainer, a copy will then be signed and returned via email for your records.
